Natural Introductory Geography

By Jacques Wardlaw Redway

Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1912 Excerpt: . the northern part of Eurasia? the southern part? What circle crosses the islands near the southeastern portion? In what zones is Eurasia? What other grand division lies in three zones? If you will trace, on tissue paper, the maps of North America and South America, and then cut them out and lay them over this map of Eurasia, you will get some idea of the size of this large grand division. What ocean is north of Eurasia? east? south? What waters nearly surround the western part? What grand division is southwest of Eu-? What two seas lie between Eurasia and Af-rica? What isthmus con-nects them? A ship canal, called the Suez Canal, has been dug through this low and sandy isthmus. What strait connects the Mediter-ranean Sea with the Atlan-tic Ocean? the Red Sea with the Indian Ocean? What strait separates Eurasia from North America?...
