On Demand Publishing, LLC-Create Space, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Every day we seem to hear another techno- buzzword or acronym. In I Turned IT On.Now What? we will learn move beyond the barrier of geek-speak and make sense of the tools at our fingertips: -What are the parts that make up my computer? Whether you want to buy your next computer, or simply want to understand and make the most of what you already have, we will walk through what all those acronyms and funny words mean to make the best choices. -What is this think they call The Cloud ? Behind this buzzword is a lot of power to the consumer and business. We will break it down and find out what it really can do for us. -How can I effectively work with my email? Love it or hate it, email is a reality today. Learn how to manage it more efficiently and take advantage of all it has to offer. -How can I protect my data from disaster? We hear the horror stories but still think it will not happen to us. Learn how to protect your data from loss by theft or disaster, protecting your precious memories for years to come. - What do I need to do to protect my identity? With the rise in social media, our identities (and credit) have an ever-growing bullseye on them. We will discuss many steps you can take to avoid being a victim. I Turned IT On.Now What? will demonstrate to the normal user how to understand and benefit from using the technology tools available today. By using analogies and light humor, the author will guide you through many common issues we face daily when working with our...
