The MIRAGE conference is continuing to receive international recognition, with this year's presentations coming from 25 countries despite the large worldwide financial crisis. This time Asia submitted far fewer papers than previously and fewer than Europe. France proved to be the most active scientifically with a total of 16 submitted papers. Germany came second (10 submitted papers) and China third (8 papers). We received a total of 83 submissions and accepted 41 as oral presentations, over the three-day event. All papers were reviewed by three to four members of the Program Committee. The selection was made by the Conference Chairs. At this point, we wish to thank the Program Committee and additional referees for their timely and high-quality reviews. We also thank the invited speakers Luc Van Gool, Frank Mouton and Raquel Urtasun for kindly accepting to present very interesting talks.
