Why this Book? As one of the most complex industries in the world, this book provides readers with an in-depth coverage of companies that operate businesses within the downstream oil gas industry. The goal of this book is to provide an extensive analysis of the Refining Marketing sector, profile various companies across refining marketing as well as take a comprehensive look into the fundamental business drivers and processes that make up these two businesses. Key Benefits of Reading this Book - Learn about the different businesses within the petroleum refining marketing industry, their business cycles, unique opportunities and challenges. - Understand how financial and operational metrics for companies inside and outside the petroleum refining marketing industry are calculated and comprehend their importance. - Get to know the different companies in the industry, from both an international and U.S. perspective. - Gain awareness of what different businesses companies in this sector are involved in and where they operate. The book is organized into eight chapters: -Chapter one provides an overview of oil gas as commodities as well as the industry, introduces the different sectors within the oil gas industry as well provides an overview of the oil gas value chain, with a particular emphasis on Refining Marketing. -Chapters two provides an overview of financial analysis concepts, processes as well incorporates step-by-step guidance on how to calculate and better understand widely used metrics in financial analysis. -Chapters three four introduce the petroleum refining marketing businesses, explain key processes, how they make money, their value chain as well takes a deep dive into how each business metrics and key performance indicators are calculated and why they matter. -Chapter five features three North American-based Refining...
