Reviews

Without doubt, this is actually the greatest function by any article writer. It is among the most amazing publication i have got read. Its been printed in an exceedingly basic way in fact it is simply after i finished reading through this publication where in fact changed me, change the way i believe.

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Excerpt from Posts Telegraphs, Past and Present: With an Account of the Telephone and Phonograph All must admit that the long-sighted views of Rowland Hill, when, in 1839, he projected the idea of an universal penny postal system, have now been more than fully realized. Previous to that time, the cost of conveying a letter from one part of the United Kingdom to another was greater than the majority of the common people could bear. Rowland Hill, with an innate practical knowledge of what was required by the general public, proposed an universal rate of a penny postage.
