THE SCIENCE OF LIFE AND EVOLUTION (PAPERBACK)

Xlibris, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This book talks about the scientific processes involved with the matter of our being and how we are evolved, as are all species when their DNA molecules react to the effects of their incoming environment and are dealt with. Some billions of years ago, DNA molecules not only came into being in the right conditions--including the presence of five elements (hydrogen, nitrogen,...
