

Steel Detailers Manual 3E (Hardback)

By Alan Hayward, Frank Weare, A. C. Oakhill

John Wiley and Sons Ltd, United Kingdom, 2011. Hardback. Condition: New. 3rd ed.. Language: English . Brand New Book. This highly illustrated manual provides practical guidance on structural steelwork detailing. It: * describes the common structural shapes in use and how they are joined to form members and complete structures * explains detailing practice and conventions * provides detailing data for standard sections, bolts and welds * emphasises the importance of tolerances in order to achieve proper site fit-up * discusses the important link between good detailing and construction costs Examples of structures include single and multi-storey buildings, towers and bridges. The detailing shown will be suitable in principle for fabrication and erection in many countries, and the sizes shown will act as a guide to preliminary design. The third edition has been revised to take account of the new Eurocodes on structural steel work, together with their National Annexes. The new edition also takes account of developments in 3-D modelling techniques and it includes more CAD standard library details.
