ESSAYS IN LIBRARIANSHIP AND BIBLIOGRAPHY (CLASSIC REPRINT) (PAPERBACK)**DOWNLOAD**

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Essays in Librarianship and Bibliography Recent exploit of the Newbery Library at Chicago, referred to in a note at page 86, which has turned the bewildering multitude of the accession parts of the British Museum Catalogue into a single alphabetical series by simply photographing the titles singly, and then combining the copies in a catalogue. It is quite possible that the enterprise may prove financially unremunerative, but this would not be the case if it had been executed as a portion of the work of a national institution controlled by the State, which on its part would have been recouped, or nearly so, by the patronage of private customers. It is only necessary to add that the State should on no account seek to make a profit out of photography, and that all transactions between the Museum or any other public department and the nation, where money is concerned, should be conducted on the principle of affording the greatest possible public advantage at the smallest possible cost.
