

The Fragmentation of Afghanistan: State Formation and Collapse in the International System, Second Edition (Paperback)

By Barnett R. Rubin

Yale University Press, United States, 2002. Paperback. Condition: New. 2nd ed.. Language: English . Brand New Book. This monumental book examines Afghan society in conflict, from the 1978 communist coup to the fall of Najibullah, the last Soviet-installed president, in 1992. This edition, newly revised by the author, reflects developments since then and includes material on the Taliban and Osama bin Laden. It is a book that now seems remarkably prescient. Drawing on two decades of research, Barnett R. He relates all these phenomena to international actors, showing how the interaction of U.S. policy and Pakistani and Saudi Arabian interests has helped to create the challenges of today. Rubin puts into context the continuing turmoil in Afghanistan and offers readers a coherent historical explanation for the country's social and political fragmentation. Praise for the earlier edition: This study is theoretically informed, empirically grounded, and gracefully written. Anyone who wants to understand Afghanistan's troubled history and the reasons for its present distress should read this...
