In Congress, Abe and Becky attempt to craft legislation to confound jihadists, union goons, envirokooks, and criminals while terrorists try, on a daily basis, to blow them up or otherwise put them out of the business of solving problems such as those we face today or may face in the future. The characters in this story evolve in ways that surprised even the author but they represent women of the right, left, and far out. This is Fred s second novel. His first was, Starry Nights: Stories...
