Forgotten Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from South Australia: With Notes and Publishers Prices When we introduced the first volume of the Stanley Gibbons Philatelic Handbooks that on Portuguese India, to the stamp-loving public we were confident that we were inaugurating a series which would supply a long-felt want, as it was a step far in advance of anything hitherto attempted in stamp catalogues, whether priced or otherwise. Flattered by the very favourable reception which was accorded to that volume by philatelists all over the worlds we now present the second volume of the series on South Australia, by Lieut. F. H. Napier, R. N., and Mr. Gordon Smith, anticipating for it even a larger measure of popularity. We have made it a rule only to price such varieties as we have in stock in certain quantities, but our readers must not conclude that those which have been left unpriced are necessarily of exceptional rarity or value, nor even that we are unable to supply them. This is especially the case with the Departmental surcharges in the present volume, numbers of which are constantly passing through our hands; but considering that at present over six hundred varieties are known, collectors will easily understand that we can only have a very small proportion of this number for disposal at one time.
