Excerpt from Stevensoniana: An Anecdote Life and Appreciation of Robert Louis Stevenson On the publication of the library edition of this work it met with a gratifying reception from the critical press of England and America and from Stevensonians on both sides of the Atlantic. Indeed, out of some scores of reviews there were but three in any sense adverse, and each of these was so whole-heartedly abusive that it indicated the hand of a prejudiced critic. As one of these suspiciously intemperate articles appeared in a provincial journal more notable for its football reports than for literary opinion, it were waste of time to notice it. But, were I so minded, I might furnish forth - and in due time, perhaps, I shall - an instructive chapter on the ethics of reviewing, based chiefly on the other two unpleasantly personal attacks. It is far from my wish to involve in a literary controversy any work that is associated, however unworthily, with the name of R. L. Stevenson. But I shall permit myself the remark, that if within this book I have enclosed a considerable area whereon a certain gentleman had promised himself to build, and if the bare idea of it received the disapproval of another, it would only have been in accord with good taste had both refrained from availing themselves of the opportunities of anonymous journalism to abuse it when it issued from the press. Thus much, but no more, by way of reference to a matter that concerns the sphere of literary workers rather than the wider world of general readers.
