Brand New Book ***** Print on Demand *****.Winner - Reader Views Reviewers Choice Award, Silver Medal Readers Favorite Book Awards A teenage genius goes on a suspenseful adventure to cure his girlfriend of a mysterious disease. Protagonist Sean Malone s journey begins at fourteen. He has an IQ north of 200, a full-ride scholarship to the country s top technical university, and over a million bucks from a winning streak on Jeopardy. However, he wishes he could just be normal. His genius comes at a price. The US government manipulates him, using him as a codebreaker in pursuit of a drug lord and killing innocent people along the way. When he pushes back, the Department of Defense pushes harder, and Sean is forced to flee to Rome to build a new life under a new name, abandoning academics, and hiding his genius from everyone. He enjoys a quiet existence in secrecy the next few years. And at eighteen, falls in love. The calm shatters when his girlfriend, Natasha, falls critically ill. Her doctors have no idea how to control the disease before it overcomes her. His intellect is her only hope...

Reviews

This ebook is definitely not straightforward to start on looking at but really enjoyable to learn. It usually will not charge excessive. It is extremely difficult to leave it before concluding, once you begin to read the book.
