Chemical Vapour Deposition: An Integrated Engineering Design for Advanced Materials (Hardback)

By Xiu-Tian Yan, Yongdong Xu

Springer London Ltd, United Kingdom, 2010. Hardback. Condition: New. Language: English . Brand New Book. Chemical Vapour Deposition: An Integrated Engineering Design for Advanced Materials focuses on the application of this technology to engineering coatings and, in particular, to the manufacture of high performance materials, such as fibre reinforced ceramic composite materials, for structural applications at high temperatures. This book aims to provide a thorough exploration of the design and applications of advanced materials, and their manufacture in engineering. From physical fundamentals and principles, to optimization of processing parameters and other current practices, this book is designed to guide readers through the development of both high performance materials and the design of CVD systems to manufacture such materials. Chemical Vapour Deposition: An Integrated Engineering Design for Advanced Materials introduces integrated design and manufacture of advanced materials to researchers, industrial practitioners, postgraduates and senior undergraduate students.
