## PAPERS ON INSECTS AFFECTING STORED PRODUCTS: CONTENTS AND INDEX (CLASSIC REPRINT) (HARDBACK)

Forgotten Books, 2017. Hardback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from Papers on Insects Affecting Stored Products: Contents and Index Lists of the insects that attack various cultivated crops are being published from time to time and republished with additional names until we have, of the various species that affect certain crops, some very complete lists. A notable example is the late Dr. J. A. Lintner s list of injurious apple-tree insects, which numbers 356 species. A preliminary list published by the same writer in 1882 contained only 176 species, less than half the number known to affect the apple 14 years later. Similar lists, more or less incomplete, but furnishing a basis for future additions, have been published of insects that affect the strawberry, the grapevine, the blackberry, the corn plant, the sugar beet, etc. Of many crops, however, there are no better published lists than those given in the catalogue of the exhibits in economic entomology at the World s Columbian Exposition issued in 1893 as Bulletin N o. 31 (old series) of this bureau and in other similar exhibition catalogues (bulletins 47, 48, and 53, new series) which have followed. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
