Original Life-Saver Publisher, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Discover The Secret To Living A Life FREE From ALZHEIMER DISEASE Disclaimer: This is a Summary and Review of the End of Alzheimer Book, It s not the Original Book by Dale Bredeesen, M.D That Alzheimer s disease is incurable, almost untreatable and has no confirmed method of prevention is one fact that is depressing not just to the victims of this disease but their families, friends and the medical community. This book by The Renowned MD, Dale E. Bredeesen represents an important milestone in the approach to Alzheimer s disease, to treat it as mysterious and inexhaustible distress almost exclusively by our genes, to understand it as multifunctional provided it can be prevented and even reversed in a large-measured diet and change of lifestyle. For the first time, patients and families affected by Alzheimer s disease - and those with high risk for this devastating disease - really have the cause for hope. An innovative plan based on scientific research and clinical results that are shown to prevent and reverse Alzheimer s disease and cognitive decline by treating metabolic imbalances with lifestyle changes. The Main Aim of summarizing this book is to make for easier understanding of the original book and to help people to effectively Comprehend, articulate, imbibe and practicalize the priceless information provided by Dale E. Bredeesen. What you ll Get From This Book Executive Summary of the original book Key Takeaways Brief chapter-by-chapter summaries Save a Life Today, Scroll Up Now and Click BUY!.
