Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. Caitlin and the Factory Farm Demo is an irreverent take on modern agriculture which highlights the crazy, irrational and contradictory features of factory farming. The book reads like a nonsense story but shows that the actuality is no more absurd than the nonsensical. The jokes belie the catastrophe that intensive farming has brought about - for the animals and for the environment. Farm animals have been bred beyond their adaptive limits. Bees, which are crucial for pollinating 80 of the world's food crops, are dying out. If fishing continues at the present rate the seas will be devoid of fish in 40 years. HRH, Lord of the Isles takes the organic standpoint. Angus Macdonald, HRH's farm manager, champions intensive farming. Apis Beckett, a bee, laments the environmental damage that modern farming methods have caused. Polo, an octopus, takes Caitlin on a sea voyage and shows her the havoc that overfishing has wreaked on the Oceans. Pantomime meets reality. But which is the more farcical?.
