

The Empire Strikes Back (Paperback)

By George Lucas

FABER FABER, United Kingdom, 2000. Paperback. Condition: New. FF Classics. Language: English . Brand New Book. Widely considered the darkest and most intriguing of the central Star Wars trilogy, The Empire Strikes Back deepens the exploration of mythic themes first essayed in A New Hope. From its opening amid a besieged Rebel stronghold on the ice planet Hoth to its finale on Bespin, the floating city run by gambler Lando Calrissian, Empire charts Luke Skywalker s travails on the arduous path to becoming a Jedi Knight - a journey that culminates in a punishing face-off with Imperial warlord Darth Vader, and Luke s realisation of the dreadful truth about the fate which befell his father Anakin. Derived from George Lucas s original story, the screenplay was composed by Leigh Brackett (veteran writer for Howard Hawks and Robert Altman) and Lawrence Kasdan (who soon afterwards established himself as a director with Body Heat and The Big Chill). Together, they produced a psychologically complex piece of epic storytelling, treasurably enhanced by the verbal jousting - and the affecting romance - between Han Solo and Princess Leia.
