CALL IT LIKE IT IS: GETTING IT RIGHT BEFORE YOU START (PAPERBACK)**DOWNLOAD**

Createspace Independent Publishing Platform, United States, 2012. Paperback. Condition: New. Hangga Ganiadi Koi Studio (illustrator). Language: English . Brand New Book ***** Print on Demand *****.After 30 years working with businesses, not-for-profits and governments, Simon Bailey knows that there is not much new in the world. People running organizations make the same mistakes year in and year out. With a career that has spanned many countries and most industries, Simon thought it was a good idea to share this information with everyone interested to hear about it. Call It Like It Is takes the reader on a light-hearted journey through the process of planning for, running and eventually leaving a business. The second book focuses on running a business or organization once it has been set up. Again, it looks at the issues that owners and managers have most often and how to avoid them. The third book looks at the issues that confront mature businesses and also at the challenges that business owners and senior managers have when they start thinking about leaving. The case studies have been written in a way that hopefully passes on a lot more...
