Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Agricultural Prices This book is written for all those who may be interested in the matter of prices of agricultural products, but more especially for the farmers of the corn belt states, students of agricultural colleges, count agricultural agents, and leaders of farm organizations. Its purpose is to promote a better understanding of the factors which influence prices of farm products and stimulate an intelligent interest in statistical economics. Aside from a rather small number of specialists at the larger terminal markets, few of the people who buy or sell farm products have any very definite ideas concerning the legitimate price-making forces. A better understanding of such forces by farmers generally should in itself gradually bring about prices which will approach more nearly cost of production, and tend to reduce the violent fluctuations above and below the compensatory average. A careful study of the facts herein set forth should aid leaders of farm organizations to avoid costly mistakes which too often result from hasty and ill-considered action. While not written primarily for economists, I trust...
