## ASP.NET 3.5 CMS DEVELOPMENT

Packt Publishing Limited, United Kingdom, 2009. Paperback. Book Condition: New. 231 x 190 mm. Language: English Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This step-by-step tutorial shows the reader how to build an Content Management System from scratch. You will first learn the basics of a content management system and how to set up the tools you need to build your site. Then, you start building your site, setting up users, and adding content to your site. You will be able to edit the content of your site and also manage its layout all by yourself. Towards the end, you will learn to manage your site from a single point and will have all the information you need to extend your site to make it more powerful. Filled with plenty of code snippets and screen images to keep you on track as well as numerous additional samples to show you all the exciting alternatives to explore, this book prepares you for all the challenges you can face in development. This book is for beginner to intermediate users who have managed to learn Visual Web Developer and want to take on their first real-world application. It will help those who have used SQL Server Express, completed a few sample projects, and now wish to explore a Content Management System.
