**THE LEADERSHIP PARADOX: BALANCING LOGIC AND ARTISTRY IN SCHOOLS (PAPERBACK)****DOWNLOAD**

John Wiley Sons Inc, United States, 2000. Paperback. Condition: New. Reprint. Language: English . Brand New Book. A distinctive, playful, and insightful look at the art and craft of leading a modern-day school. --Roland S. Barth, educator and author of *Improving Schools from Within* Reality-based cases and concepts worthy of reflection by all who are interested in improving school leadership. --Linton Deck, director of education and nonprofit applications, Center for Creative Leadership Required reading for those who are or aspire to be principals and for those who prepare, train, or supervise them. --Laraine Roberts, director of research and development, California School Leadership Academy Rather than view leadership and management as opposing factions, this book shows how the two ideals can serve as complements in building powerful school culture. The authors share real-life stories and examples of school leaders who have learned to adopt a bifocal approach and integrate the contradictions of their work.
