Watkins Media, United Kingdom, 2017. Hardback. Condition: New. Language: English . Brand New Book. A UNIQUE INSIGHT INTO THE WORLD S most mysterious manuscript. Since its creation in the first half of the 15th century, the Voynich Manuscript has fascinated and obsessed students of the esoteric, of magic and of alchemy, yet to date no one has managed to crack its code. It truly is one of a kind: the only book in existence that has been written in its particular language and alphabet - a language that no one can read. This magnificent edition presents stunning full-colour reproductions of every page of the Voynich Manuscript, along with helpful diagrams that show exactly how the folios are bound into this complex codex. Two introductory essays invite readers to interpret for themselves the clues found in the manuscript s strange and beautiful illustrations of plants, star constellations, enigmatic bathing women and cosmological diagrams. Dr Rafal T Prinke and Dr Rene Zandbergen also draw on the manuscript collections of eastern Europe, not normally accessible to English-speaking scholars, to offer the fullest explanation so far of the Voynich s incredible journey through history, while Dr Stephen Skinner explores the parallels to the Voynich Manuscript in the cryptography of Leonardo da Vinci and the Enochian angel language of John Dee.
