

Agency and Structure (Rle Social Theory): Reorienting Social Theory

By Piotr Sztompka

Routledge. Hardcover. Condition: New. 332 pages. Dimensions: 9.3in. x 6.2in. x 0.9in. A striking feature of the human condition is its dual, contradictory, inherently split character; on the one hand, autonomy and freedom; on the other, constraint and dependence on social structure. This volume addresses this central problem of the linkage between human action and social structure in sociological and social science theory. Contributions cover several different approaches to the agency-structure problematic, and represent the work of a number of leading international sociologists. Their efforts point to a reorientation of social theory, both on philosophical and methodological levels. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN.
