Harper Paperbacks, United States, 2016. Paperback. Book Condition: New. Reprint. 203 x 135 mm. Language: English . Brand New Book. Modern parenting is defined by an unprecedented level of overprotectiveness: parents now rush to school to deliver forgotten assignments, challenge teachers on report card disappointments, mastermind children s friendships, and interfere on the playing field. As teacher, journalist, and parent Jessica Lahey explains, even though these parents see themselves as being highly responsive to their children s well-being, they aren t giving them the chance to experience failure or the opportunity to learn to solve their own problems. Everywhere she turned, Lahey saw an obvious and startling fear of failure in both her students and in her own children. This fear has the potential to undermine children s autonomy, competence, motivation, and their relationships with the adults in their lives. Providing a clear path toward solutions, Lahey lays out a blueprint with targeted advice for handling homework, report cards, social dynamics, and sports. Most important, she sets forth a plan to help parents learn to step back and embrace their children s setbacks along with their successes. Empathetic and wise, *The Gift of Failure* is essential reading for parents, educators, and psychologists nationwide who want to help children thrive and grow into independent, confident adults. It s hard to overstate the importance of this book. *The Gift of Failure* is beautifully written and deeply researched. But most of all it s the one book we all need to read if we want to instill the next generation with confidence and joy. Susan Cain, author of *Quiet* Instead of lecturing us about what we re doing wrong, Jessica Lahey reveals what she did wrong with her own children and students and how she systematically reformed her ways. A refreshing, practical book for parents...
