Forgotten Books, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Spiritualism: Is Communication With the Spirit World an Established Fact? Lord Kelvin, then Sir William Thomson, formulated the brilliant theory that the material atom may be a vortex-ring in a frictionless fluid. This Cosmic Ether is a bundle of paradoxes. It is so fine as to be out of the range of our tactile senses, and yet, instead of behaving like a gas in the last extremity of attenuation, it acts like a solid or semi-solid - like a jelly. In this case it may be stratified, and correspond with matter, having its solid, fluid, gaseous, and radiant conditions. This would bring us to a state of fineness beside which what is called spirit would be quite a tangible entity. Dr. Osborne Reynolds, * one of the men with heavy scientific appendages to their names, says that to complete the mechanical explanation of the structure of the universe, and explain with mathematical exactness all the known facts, we must postulate a perfect solid in place of the ether, and that all motion through it must be wave-motion; that...
