ETC Publishing. Paperback. Condition: New. 128 pages. Dimensions: 8.5in. x 5.5in. x 0.3in. There are plenty of scientific and medical technologies in the world today available to a woman and couples as they seek to become pregnant. There is also a lot of science on the subject of fertility, and treating infertility. Before science, fertility drugs, and in vitro fertilization, women turned to ancient and traditional wisdom to help make their dreams of motherhood come true. The concepts presented in this book derive from traditional European, American and Asian metaphysical and folk lore. While they should not be understood as directions, recommendations, or prescriptions of any kind, they provide a completely fascinating overview of the ways our ancestors went about increasing the likelihood of becoming pregnant (and excellent tips for the modern couple seeking to become pregnant)! Many ancient secrets from a variety of cultures around the world are included in the book, among them: traditional symbols, colors, herbs, and foods. Obviously, these are traditions, symbols and methods that worked for the women of the past, our grandmothers, great grandmothers, great-great grandmothers, and the mothers before. These fertility symbols are a part of our history, they are part of our own culture and part of the myth and folklore of other cultures. Fertility wisdom exists in our ancestral memory, in the very cells that make up our bodies. The symbols are powerful, magical, like a sacred prayer to the heavens. They have worked for generations, and they can work for you, too! Author Donna Stellhorn doesn't claim to be a Medical Doctor or Scientist, she's a successful Astrologer and Feng Shui expert with more than 20 years experience as a consulting professional, and many more years of study and practice leading into her profession. Her book offers readers an opportunity to have access...
