Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.It is said that the definition of insanity is continually doing the same thing while expecting a different result. Humans have been attempting to solve their problems through war, conflict, argument, and intellect for thousands of years, with ultimately the same result. However, with the help of this revolutionary new book, we're shown a new way to approach oneness and world peace. By breaking down the walls of separation between others and ourselves, true transformation of the world can finally take place. Provocatively and intelligently unraveling the many obstacles and layers between our current selves and our true selves, this engaging book explains why humans see things so differently from each other, and what we can do to achieve peace through self-discovery and enlightenment. The Skeptic's Guide to Transforming the World is a thought-provoking and philosophical new book that explores the relationship between personal unity and world peace. By daring the reader to deconstruct their views of the world and build a very different world of endless possibility in its place, this poignant book empowers the reader to...
