Partridge India, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Highlighting the modern relevance of the ancient Vedic philosophical approach of holism, the book offers the essence of both the mystic world view of the East and modern scientific world view of the West. The idea of holism provides a future vision of plausibly more viable philosophical paradigm to check the emerging intellectual crisis of mind, which the book adjudges as the root cause of present day human misery. The art of conscious thinking is a conscious effort in putting forward a perspective towards adoption of holistic views of life. The book includes arguments to dismantle the pass-fail system of modern education system which is a curse to education and does not measure the real ability of students in holistic way. Moreover, the book describes the distinction in between Eastern and Western views of life on the basis of a simple form of mathematical expression as a fractional number. The book offers discussions in favor of the meditative way of life to improve the quality of living and argues that the concept of raising the standard of living is not eco-friendly as well as environment friendly. In the end book invites views and opinions of the intellectual readers.
