Brand New Book ***** Print on Demand *****.The amazing thing is that Dangote built his business empire from the scratch, starting out as a small scale trader to eventually build an emergent global conglomerate, becoming, in the process, one of the world s richest men. Just how was he able to do this? That is the interesting question which Peter Anosike tries to answer in this book creatively entitled Dangote s 10 Commandments on Money. A motivational book designed to build the entrepreneurial spirit in the youths, Dangote s 10 Commandments on Money is a fitting tribute to one of the most remarkable businessmen of this generation. The book analyses the strategies which Dangote has used to achieve what some other persons might have considered unimaginable. It rightly casts him in the mould of a benevolent mentor by situating the story in the context of Dangote taking a bright youngster from an underprivileged background under his wings, teaching him how to succeed in business and supervising his business activities to ensure success. He divides the principles into 10 and explains each of them thoroughly so that the youngster would understand them very well and then be able to put them into practice. Dangote s aim in doing this is to help produce more of his kind so as to fast-track Nigeria s development. Talk about a tribute to a quintessential patriot!.
